I. PRODUCT INFORMATION

Product Name: Lemon Scent Disinfectant
Product Number: 313G
Chemical Name:
Synonyms: Disinfectant Cleaner Sanitizer
CAS Number:
CAS Name:
DOT Hazard Classification:
DOT Shipping Name:

II. HAZARDOUS INGREDIENTS

III. PHYSICAL AND CHEMICAL PROPERTIES

Freezing Point: N/A
Boiling Point: N/A
Melting Point: N/A
Specific Gravity: > 1.0
Solubility in Water: 100%
Vapor Density: N/A
Vapor Pressure: N/A
Evaporation Rate: < 1.0
Appearance and Odor: Yellow liquid with pleasant lemon odor.

IV. FIRE AND EXPLOSION HAZARD DATA

Unusual Fire/Explosion Hazards: Hazardous combustion products may be formed in a fire situation.
Upper Explosive Limit: N/A
Flash Point: Not combustible
Lower Explosive Limit: N/A
Fire Extinguishing Media: Dry chemical, water fog, CO₂, foam

V. REACTIVITY DATA

Stability: Stable
Incompatibilities: Strong oxidizers, ammonia surfactants, aluminum, fluorine, acids, magnesium, phosphorus pentoxide
Conditions to Avoid: Moisture may cause caking
Hazards: Oxides of carbon, oxides of nitrogen, oxides of sodium, oxides of phosphorus, toxic hydrogen chloride fumes
Polymerization: Material not known to polymerize
Decomposition: ""
VI. HEALTH HAZARD DATA

Health Hazards:
Ingestion could cause abdominal discomfort, nausea and diarrhea. Eye contact will cause irritation. Skin contact will cause irritation. Inhalation may cause irritation of the nose, throat, headache, nausea, and drowsiness.

Primary Routes of Entry: Oral, eyes, skin, inhalation

OSHA PEL: N/A
ACGIH TLV: N/A

Medical Conditions Generally Aggravated by Exposure:
Inhalation of product may aggravate existing chronic respiratory problems such as asthma, emphysema or bronchitis. Skin contact may aggravate existing skin disease.

Carcinogenicity: Non-carcinogenic

OSHA Not listed
NTP Not listed
IARC Not listed

Signs and Symptoms of Exposure:
Abdominal discomfort, nausea and diarrhea may result if swallowed. Eye irritation could result from eye contact. Skin irritation may occur if skin contact is made. Irritation of the nose, throat, headache, nausea, and drowsiness may result if inhaled.

VII. PERSONAL AND PROTECTIVE EQUIPMENT

Respiratory Protection: N/A

VIII. EMERGENCY AND FIRST AID PROCEDURES

First Aid:
- If swallowed, drink large quantities of milk, egg whites, or gelatin solution. Drink water if other materials are not available.
- If eye contact is made, flush the eyes with water immediately for 15 minutes.
- If skin contact is made, flush the skin with plenty of water.
- If inhaled, remove person from contaminated area to fresh air.
- If irritation of any type persists, seek medical attention.

Spill:
Remove ignition sources. Small spills may be mopped up, flushed away with water, or absorbed with an inert material. Large spills should be contained. The material should then be placed in containers and properly disposed of by approved methods for hazardous waste.

Special Fire Fighting Procedures:
Cool fire exposed containers with water spray.

IX. PREVENTATIVE MEASURES

Procedures for Material Release or Spill:
Remove ignition sources. Small spills may be mopped up, flushed away with water, or absorbed with an inert material. Large spills should be contained; the material should then be moved into containers and properly disposed of by approved methods for hazardous waste.

Work and Hygienic Practices:
Wash hands thoroughly after using this product.

Handling and Storage:
Store in original container away from incompatible materials. Avoid high temperatures.

Ventilation Requirements:
Use this material in a well ventilated area.

Other Procedures:
This material should be disposed of in accordance with federal, state, and local regulations.

The information herein is given in good faith, but no warranty, expressed or implied, is made.
